**Subject:** Trinity NYC scandal or coverup?

Hello Cary and Mr. O'Keefe,

<https://www.projectveritas.com/news/prestigious-nyc-private-school-director-touts-sneaking-her-political-agenda/>

I never received a call back from Mr. O'Keefe or anyone from Project Veritas (as per your request below), so I was obviously surprised to see the article above concerning Project Veritas recent investigation of Trinity School NYC while at the same time your organization refuses to speak to me directly about a prior scandal involving Mark Simpson, the former Head of Trinity School who was caught with child pornography and the massive coverup of this scandal engaged by BOTH Clinton and Trump mafias since 2016 (which is still ongoing as the Trump v. Biden saga).

Is it because my investigation confirms that Donald Trump was the recipient of a rigged election in 2016 that your organization does not want to investigate this scandal? Is it only legal to rig elections when they are rigged in favor of Donald Trump, but illegal if they are rigged in favor of anyone else? The scandal I am trying to expose using Americans and the American system obviously forces the impeachment of Joe Biden because he is implicated since 2012 in using his Wilmington Delaware connections on the Delaware District Court to attempt an illegal election-rigging scheme to try and sneak Hillary Clinton into the presidency in 2016 (which failed after CIA rigged it for Trump to spite the FBI that was trying to rig it for Clinton).

I again forward you some of the documents concerning Principle of Trinity School, Mark Simpson, who was caught attempting to extort Clinton mafia for 2 million euros to remain quiet about the very scandal he created, and who also engaged illegal stalking and threats of me and my family which the Wilmington Delaware federal court attempted to illegally coverup to help Clinton defeat Trump (which I was able to trace directly to their homes despite their attempt to use proxy companies to hide their crimes).

I have never spoken to any other investigator about this Trinity School scandal, and I already emailed you about it since November 2021 and despite asking to speak to me about it directly (as confirmed by your email forwarded below), you still refused to contact me and continue to ignore the biggest scandal that ever came out of Trinity NYC (to instead cover some low-level Trinity scandal that does not even compare to the one I already leaked to you).

I email you again to see if you are really supporting this coverup? If so, I merely highlight to the public that there is a coverup of this particular scandal by both Republican and Democratic publicly-known investigators of government crimes (to include prominent investigative journalists from both camps). I assume it is occurring because of constitutionally illegal religious bias, and that the Republican and Democratic party religions are obviously satanic because you cannot expose pedophile scandals when it is approved by your party, but then coverup pedophile scandals when it is not approved by your party.

THIRD PARTY!!! (that is the only way to expose crimes of government officials, the public already knows it).
